2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. **Abandonment** of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action; or

**Non-entry** of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.

Continuation of 4(e) Other: First, there is a minor non-compliance in the third line of claim 8, where the previously deleted word "a" appears to have been inadvertently left in the claim with a strikethrough marking. In addition, there is a major non-compliance of the claim listing in that this claim listing appears to completely ignore the substantial amendment to the claims dated June 29, 2006. For example, that amendment, among other changes, changed the preambles of claims 1-15 and 21-24 from referring to a "processor-readable medium" to either a "method" or "system." The next claim listing submitted should provide status identifiers, text, changes, and markings relative to the most recently entered claim listing, which was the one dated June 29, 2006.
